Diagram showing a cross-section of a bridge structure. The structure is a trapezoid with a top width of 4.80 and a bottom width of 4.87.88. The height is 7.85. The side slopes are 2.5%.

Labels include:

- 4.80 (top width)
- 2.00 (distance from centerline to side slope start)
- 7.85 (height)
- 4.87.88 (bottom width)
- 2.5% (side slope percentage)
- ZABOR (boundary line)
- 484.00 (elevation at the bottom left corner)

Technical drawing of a roof plan. The drawing shows a trapezoidal roof structure with a central vertical axis. The roof is divided into three sections by two vertical lines. The dimensions are as follows:

- Top horizontal edge: 5.00 (total width), divided into 2.00 (left section), 0.00 (center section), and 2.20 (right section).
- Bottom horizontal edge: 4.87 (total width).
- Left vertical edge: 7.95 (height).
- Right vertical edge: 8.05 (height).
- Central vertical edge: 4.88 (height).
- Roof slope: 2.5% (left side) and 2.9% (right side).
- Labels: "ZABOR" (boundary) is written vertically on the left and right sides. "485.00" is written at the bottom left corner. "487.98" is written near the center of the roof.
- Orientation: A north arrow is located at the bottom left, pointing towards the top left of the drawing.
